SPOTLIGHT ON:

Music, Movement & Drawing Machines

Inspired by a mutual love of Drawing Machines, Mark Making & Soundscapes, we devised a Drawing Workshop for the April School Holidays combining ALL three!

Drawing Soundscapes in INK to tracks by Mozart, Kraftwerk and a Percussion Ensemble produced an energy in the room that was palpable! We turned kids into human Spirographs, created a body movement colouring-in montage & finished with open experimentation using a host of drawing machines. As we watched the kids move between the wind-up chickens, spinning washers, old school typewriter (there was a line for this one) & other makeshift drawing tools we marvelled at each new approach & knew we had to share this wonderful world of Music, Movement & Drawing Machines again (& again & again) (including next holidays: **WEDNESDAY 8 JULY 10:00-3:00**).

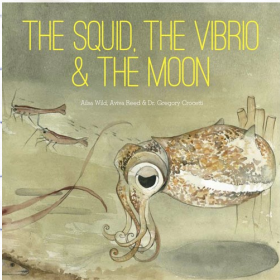

LIKE MINDED FOLK/SITES/BOOKS/BLOGS:
