

DRAWN TO SEEING

DRAWING WORKSHOPS

for Grown Ups!

Wednesday Morning Drawing Workshops

10:00am - 12:00pm

\$240 for 8 Week Program or \$30 per Workshop

Some Materials may need to be purchased depending on individual needs/projects

In our Drawing Workshops we offer participants the chance to really look at the lines, patterns, forms, structures, spaces and surfaces of the world around them and gain greater experience & understanding of approaches to seeing, interpreting, and visually representing the world in which they live.

Each Workshop session is split into 2 parts, 1 dedicated to mediums and technique & 1 dedicated to exploration, experimentation & application of techniques to the composition of a drawing.

Each Term participants can compile a working Sketch Book building a valuable guide and reference.

The Term 3 & 4 program will move through a series of drawing exercises based on observational drawing.

The Program will cover:

- Graphite (Pencils, Sticks, Powder, Soluble) - Looking at Tone (including Distance & Perspective)
- Pen & Ink - Looking at Line & Shape
- Charcoal & Conte (Pencils & Sticks) - Looking at Surface & Texture
- Soft & Hard Pastel (Chalk & Oil, Pencils & Sticks) - Looking at Shape & Colour
- Colour Pencil & Water Colour Pencil - Looking at Detail, Colour & Composition
